Airlite...

- Duct Size based upon Semi-Perimeter (e.g. 400x200 = 600 Semi-Perimeter)
- Ducts <=1150mm wide can be manufactured up to 2950mm long, and >1150mm 1200mm long maximum
- All measurements are in millimetres
- All items include for Doby Mezz 40 Flanges throughout. Alternative flanges and Cap ends are available, and are covered in the above prices.
- Invoiced prices will be based upon actual items ordered
- Tapers & Sets charged as straight at the larger Semi Perimeter measured through the centre line
- Bend costs for square or radius at any angle
- Delivery costs will be passed on at cost
- Quantity discounts available. Contact for details

Armalite...

- Add these rates to your own oversized (44mm) galvanised shell costs for us to convert them to Armalite KoolDuct c/w required vanes and flanges. Take into consideration the maximum length you can fabricate (1500mm?) and your delivery FOC to our works
- Other items as above
